Long Beach Airport Monthly Report September 2008

Long Beach Airport Lands on Condé Nast Top Ten U.S. Airports List

Voted one of the best in Condé Nast Travelers Magazine Readers' Poll, the Long Beach Airport ranked in the top ten U.S. Airports list for 2008.

For more than eleven years, readers of Condé Nast Travelers magazine have shared their hard-won experience on everything from the most desirable business class seats, best hotel food, and which airports promise the easiest connections for business travelers.

For the first time, the Long Beach Airport was voted as one of the best U.S. Airports by business travelers. Each airport was rated on six different categories: location/access, ease of connections, customs and baggage, food/shops/amenities, comfort/design and safety/security; with Long Beach ranking in the top half in the customs and baggage, location/access, and easiest connections categories.

Also joining this year's Condé Nast Business Award winners includes JetBlue Airways. Landing at number two on this year's Top U.S. Route, scoring the highest with best onboard amenities and technology.

Topping off this year's 2008 list includes: Portland, Tampa, Washington, D.C., Reagan, Milwaukee, Orlando, Minneapolis-St. Paul, Salt Lake City, Pittsburgh and San Diego.

Airport Traffic

While passenger traffic at LGB dropped after Labor Day, the Airport did not experience the precipitous drop in traffic that many other commercial airports experienced. Passenger traffic for September was up slightly from last year. And the daily counts of passengers screened by TSA during the first days of October appear to be comparable to levels of passenger activity in October 2007.

Leasing & Business Development

The Airport has requested City Council action on October 21, 2008 in order to formalize a lease agreement with Long Beach AirPark, LLC. The agreement is for the development of approximately 1.23 acres of City-owned property at the Long Beach Airport.

Construction Update

Taxiway Kilo Phase II– The current (south) portion (including TWY C) will be completed on or about October 29 and will start the remaining northern half on October 30, estimated time of completion is four months.

Taxiway K Phase III (Between Runways 30 and 16L) Will commence on or about October 20th and will take approximately 12 months.

Taxilane F & H (new construction connection taxiways F & J at the west ends) Due to a revision in construction plans, this is estimated to start on or about the week of November 30 and will take approximately 5 months.

Long Beach Airport Gets New Building Services Supervisor

Congratulations to Avelino (Avel) Alberto, the Airports new Building Services Supervisor. Avel has worked for the Airport as a Maintenance Assistant since 2005. He was selected as the Airport Department's Building Services Supervisor in August of this year. Prior to his promotion he was the Acting Building Services Supervisor.

Avel brings a wealth of knowledge to his new position and has been Instrumental in identifying cost saving measures that are of benefit to the Airport. He provides excellent leadership that has lead to high employee productivity.

Long Beach Airport Soars at Community Events

The month of September has been filled with activity for the Public Affairs team. For a second year in a row, the airport's Public Affairs team participated in the 2nd Annual Good Neighbor Festival and Family Picnic in District 5.

This annual daylong event allows participants from across the city to participate in fun activities and learn about city services available to residents. Included in the day's festivities was a historic fire truck display, solar cooking demonstrations and a kid bounce house.

Ever so popular with adults and children, the Airport also took part in the Signal Hill Discovery Well Park Festival. This event allows adults and children to participate in fun learning activities such as ocean conservation, child safety and face painting.

JetBlue Lands in Portland & San Francisco

JetBlue Airways begins its first of two new daily nonstop round trip flights between Portland and Long Beach. The first flight begins Oct. 9, and the second begins Nov. 2.

Starting October 18, JetBlue Airways launches new premium low-fare service between Long Beach Airport and San Francisco International Airport (SFO). JetBlue's three daily flights will be the only nonstop service between SFO to Long Beach.

Announcements

Wings Over Long Beach is calling out for volunteers. Many positions do not require previous experience. Individuals with the ability to work congenially with the public, who have a love for aviation, and are willing to contribute to a successful event, are encouraged to apply.

If you are interested in volunteering please email Leana@wingsoverlongbeach.com.
